NIS CHAPTER IX MEMO NO. 46

DATE 27 April 1959

MEMORANDUM FOR: NIS Chapter IX Contributors

SUBJECT: Terminology for Marine Navigation Charts

1. The U.S. Navy Hydrographic Office has informed us that the term "nautical chart" should be used instead of "hydrographic chart" when reference is to charts intended for marine navigation.

2. This change of terminology will be reflected in the Chapter D of NIS 25B and the Section 19 of 13A, and in all Chapters IX and Sections 19 scheduled thereafter.
